

Goal	How will I reach my goal?	How long will it take to reach my goal?
Example: Short-term Buy the latest video game. \$40.00	Example: Save \$5 from my monthly allowance.	How long? 8 months of saving. $\$5 \times 8 = \40
Example: Long-term Buy a bicycle. \$250	Example: Save \$10 from my monthly allowance.	How long? 25 months of saving. $\$10 \times 25 = \250
